Report of the Director

Performance data - EM IEP Web site

1. Purpose of the report
 - 1.1 To advise the Steering Group of the proposal that local authority performance data will be made available on the EM IEP web site.
2. Background
 - 2.1 Currently published local authority performance data is not available in one readily available source, although GOEM currently produce co-ordinated data for its own purposes.
 - 2.2 It is proposed that GOEM in conjunction with Intelligence East Midlands and Nottingham Business School collate this data and make it available on the EM IEP web site and so provide a single focus of information for the region. There will be no cost to the RIEP although we will acknowledge the source of the information.
3. Recommendations
 - 3.1 That local authority performance data be made available on the EM IEP web site.
